SUMMARY

- Full Stack Web Developer with a background in Music Technology and Game sound design.
- Effective at combining creativity and problem solving to develop user-friendly applications.
- Charismatic and friendly character with a passion for code and open to any challenge.
- University level education and a desire to continue learning every day!

TECHNICAL SKILLS

Technologies: HTML5, CSS3, JavaScript, jQuery, Node.js

Applications: Visual Studio Code, Version Control, Microsoft Office, Various Digital Audio Workstations

EDUCATION

Bootcamp Certificate: University of Birmingham, Birmingham

A 24-week intensive programme focused on gaining technical programming skills in **HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS**. Throughout the programme I excelled in the front-end development aspect and see this as my initial career path into the world of development.

BSc Music Technology: University of East London, London

3 Year university course that gave me an insight into the technology that goes into the creative production of music alongside the engineering behind the popular music production software's. Exploring tools like Unity Game engine to produce atmospheres of sound to accompany visual media and creating immersive environments for users.

EXPERIENCE

Bar Supervisor - (2019 – Present)

Lower Trinity Street Venues - Birmingham

- Managing a team of people and ensuring that all jobs get done throughout the opening times to keep the bar running effectively
